RE: Letter of Referral

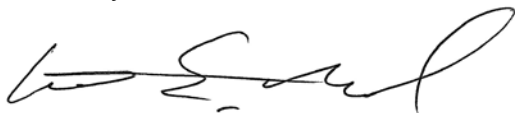

Tony,

Your reputation as a hard working tax consultant flows right over into the work you do for the Michigan Assessor's Association. If you are given a task, you work diligently to get it done. It's hard to imagine anyone else selling 50/50 tickets at the conferences! Your willingness to step up to the plate and help where needed is always appreciated.

You always look at both sides of any issue, which leads to doing what is right for your client, Valu Tec, and any assessing community you are working with. Your upbeat attitude always has a way of rubbing off onto the people that surround you and always seems to get them to buy that "one more raffle ticket".

I look forward to a continued working relationship with you and your staff at Valu Tec. See you at the 45<sup>th</sup> Annual Summer Conference!

Cordially,

Anthony E. Meygaard MMAO, PPE
