RE: Phase-out of Michigan Personal Property

Dear Valu Tec Team,

Thank you for helping Oetiker realize an estimated **\$200,000** in Michigan personal property tax savings over the past 4 years. The savings has increased each year.

We would highly recommend Valu Tec and their staff to handle any firm's personal property tax filings using the new EMPP process. We were always kept informed of what to expect.

The time and effort that Valu Tec has spent in updating our company of changes in filing requirements and deadlines has been greatly appreciated.

Sincerely,

Dawn Prieskorn
Finance Director Americas
