KAMAX L.P.

Tony Sokol  
Valu Tec, Inc.  
6101 Stoney Creek Drive  
Fort Wayne, IN 46825

Dear Tony,

You and your staff have worked diligently for Kamax since 2007. We would like to thank you for the various projects that you have completed.

We initially signed up with Valu Tec to perform an asset inventory for our three locations. In fact, everyone did such a good job that Kamax retained Valu Tec to do our 2008 property tax returns and consulting for future possible tax savings.

Valu Tec has not disappointed us. You and your staff have made yourselves available for our various questions and have worked to ensure our assessments were correct as filed.

Your association with the Michigan assessors has obviously helped with the real property reductions that you have achieved for us in all three of our locations. We appreciate the informal approach that you have used and the rapport that we have maintained with our City officials.

Most recently, you worked with the State Tax Commission to retain our Industrial classification for our Troy location. Although the State insisted this location should be classified as Commercial you did not give up the fight. Thank you for your tenacity and going back to the State with additional information. The results were in our favor.

I would recommend Valu Tec for any project related to their experience and expertise.

Sincerely,

A handwritten signature in black ink, appearing to read "Gary Kulich". The signature is fluid and cursive, written over a white background.

Gary Kulich  
Accounting Manager
