RE: 2016 Personal Property

Dear Tony,

Our firm has used Valu Tec to handle all of our property tax needs for 15 years. During that time we have always been satisfied with the results.

This year was no exception. Thanks to Valu Tec's contacts at the state tax commission and their experience working with governmental entities, we were not "blindsided" by some obscure change or process required in this year's personal property filing.

Thank you, Valu Tec!

A handwritten signature in black ink, appearing to read "Ard Smits", with a long horizontal flourish extending to the right.
