RE: Recommendation Letter

Dear Valu Tec Staff,

I wanted to take a moment and thank you for the excellent service you provided to complete the asset inventory project we undertook together. Your work on-site allowed us to complete the project efficiently and effectively.

I also appreciated the time your team spent planning the project before they arrived on-site, and developing an understanding of the scope before you began.

Your team was professional, and provided us with a finished product that we can utilize in the future. I would not hesitate to recommend Valu Tec's asset inventory service.

Cordially,
