RE: Letter of Recommendation

Tony,

Each year when we face the personal property filing deadline we are reminded how much we appreciate Valu Tec's services. We are confident the new EMPP returns will be filed accurately and timely, that our assessments are correct, and our ESA payments are set up to be paid. Not to mention the tax savings that we have experienced the past two years! Thank you for finding every way in which our firm could capitalize on the personal property phase out.

The City of Menominee went through some changes recently which caused errors in our assessment. Valu Tec was on top of it and worked with our assessor to ensure our tax liability was not at risk. There is a high probability a taxpayer would not have caught these type of errors.

Thank you for being involved and on top of all our taxing matters.

Cordially,

Brett Childs
Business Manager
