RE: Property Taxes

Cindy,

I would like to thank you and the whole Valu Tec staff for staying on top of all our property tax matters.

Having Valu Tec prepare our annual personal property compliance took that chore off my plate each year during a time that needed to be spent on other duties.

The time and effort spent in keeping us informed of where we were in the tax process throughout the tax year is greatly appreciated.

As I head into retirement, I feel confident I am leaving my replacement with a good tax representative.

Cordially,

Brett Childs  
Business Manager
